Subject: Final Items for Ohio Inorganic Weekend TOMORROW
Date: November 13, 2014 at 3:31:44 PM EST

Colleagues:

Just a few final pieces of information for the OIW that is tomorrow and Saturday at the University of Michigan:

- 1) Parking: I've attached a map that shows parking and several places to go for lunch on Saturday. There will be a parking attendant stationed at the blue area to the Fletcher parking structure, which is off of Fletcher Street. The attendant will ask the name of the event before issuing a complimentary parking permit. Please mention "Ohio Inorganic Weekend" to the attendant.
- 2) Food: Although there won't be a formal dinner on Friday night, we'll provide some food for the attendees to eat during the poster session. We'll likely have an assortment of pizza, snack platters, etc. On Saturday morning, we will provide continental breakfast prior to the talks. Also, we'll have several snack breaks during the day.
- 3) I've included an updated oral presentation list that lists more precise times per talk, as well as a 5:20 pm finish time, and an updated poster presentation list. I've also updated the shared Google document to include the up-to-date schedule. It is available at:
https://docs.google.com/a/umich.edu/spreadsheets/d/1G8leefynQYmgOL8uOYtMq16ze_PrBElBtUZxRFo6tuM/edit#gid=1743387728
- 4) Please forward this email (as well as the list of poster presenters) to your students.

Looking forward to seeing all 134 of you tomorrow!

Safe driving!
-Nate
