What else would you like to tell us about yourself or your organization?

---

---

---

Please indicate when you will be able to *begin* your participation in a Link for New Leaders. As you know, groups meet once a month for 8 months. Days, times, and locations are ultimately determined by each group. The Mandel Center assists in organizing initial meetings, after which group members establish their own schedule. Please provide the month (and year, if not the current year) when you would ideally begin.

---

Are there times when you are *regularly unable* to meet? (*Example: You are unable to attend Tuesday mornings or Thursday evenings.*)

---

Current Links meet at locations convenient for group members. (*Example: Some groups meet at their respective work sites or a location at the halfway mark for all members.*) Do you have geographical preferences or requirements that would affect your ability to participate in a group?
