

Mondays at Noon
Wolstein Research Building Auditorium (WRB 1413)

Date	Speaker	Seminar Title
9/21/2009	Stuart C. Ray, M.D. Johns Hopkins University	<u>Hepatitis C virus in vivo: Evolution that pushes the envelope</u>
9/28/2009	Reuben J. Shaw, Ph.D. Salk Institute for Biological Studies	<u>The LKB1/AMPK pathway: connecting glucose metabolism to growth control</u>
10/5/2009	Chaoyang Li Case Western Reserve University To be held in WRB 5136	<u>Prion protein in cancer biology</u>
10/12/2009	Jennifer Ko Case Western Reserve University	<u>Sunitinib mediates reversal of myeloid-derived suppressor cells in cancer</u>
10/19/2009	Susann Brady-Kalnay, Ph.D. Case Western Reserve University To be held in WRB 5136	<u>Targeting PTPmu as a molecular diagnostic and therapeutic for glioblastomas</u>
10/26/2009	Bruce Mayer, Ph.D. University of Connecticut	<u>SH2 profiling: a global view of phosphotyrosine signaling in normal cells and in cancer</u>
11/2/2009	W. Robb MacLellan, M.D. University of California, Los Angeles	<u>Genetic Dissection of Cardiac Growth Pathways</u>
11/9/2009	Charles Parkos, M.D., Ph.D. Emory University	<u>Pathobiology of Epithelial Inflammation</u>
11/16/2009	Clark Distelhorst, M.D. Case Western Reserve University To be held in WRB 5136	<u>Regulation of calcium signals by Bcl-2</u>
11/23/2009	No Seminar	
11/30/2009	No Seminar	
12/7/2009	Jiri Safar, M.D. Case Western Reserve University	<u>A journey from laughing cannibals and mad cows to precarious conformations of prions</u>
12/14/2009	Brian McDermott, Ph.D. Case Western Reserve University	<u>Understanding Auditory Hair Cell Development using Zebrafish</u>

Activity Director: Derek Abbott, derek.abbott@case.edu, WRB 6533, 368-8564

The Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Case Western Reserve University School of Medicine designates this educational activity for a maximum of 1 *AMA PRA Category 1 credits*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.
