Major(s)	Minor(s)	Cumulative GPA
Case activities		
Please indicate any research experience you have had:		

On a separate sheet of paper, please provide brief responses to the following questions, taken from those on the official scholarship application:

1. What are your educational and professional aspirations? Indicate which area(s) of mathematics, science or engineering you are considering making your career and specify how your current academic program and your overall educational plans will assist you in achieving this goal.
2. Describe an activity or experience that had been important in clarifying or strengthening your motivation for a career in science, mathematics, or engineering.

Faculty Recommendation

The preliminary application requires one faculty recommendation. The letter should be received in the Office of Undergraduate Studies, Sears 357 by November 1. It can also be emailed to Lynmarie Hamel at lxh5@case.edu. The letter should address your research and research interests and your potential for a career in math, natural science or engineering.
